Wave System Components

PRODUCT CATALOG

PRODUCT CATALOG

A SPECTACULAR LOOK WITH AN EASY TOUCH

Wave system offers you a spectacular top-to-bottom pleating curtains with an easy installation.

Wide range of component alternatives will provide a peerless harmony in your environment.

UV resistant composition provides our components high endurance against environmental damages.

We promise a smooth and silent sliding with the help of mould and raw material quality.

Our standard distances of 45mm-60mm-80mm can be customized according to areas of usage.
